

CHATS on Applied Superconductivity 2021

Thursday 23 September 2021

Electromagnetics D4 (12:00-13:40)

time	[id] title	presenter
12:00	[26] A Numerical Investigation on AC Losses in one module of the Central Solenoid of the ITER tokamak	
12:25	[29] Design Studies, Magnetic and Structural calculations for a DEMO hybrid CS proposal	
12:50	[33] Numerical Studies of High Field-Rate Losses in Cable-In-Conduit-Conductors Carrying Transport Current	
13:15	[38] High-performance multiphysics FEM simulations in the Sparselizard open source library
