

CHATS on Applied Superconductivity 2021

Thursday, September 23, 2021

Electromagnetics D4 (12:00 PM - 1:40 PM)

time	[id]	title	presenter
12:00	P26	A Numerical Investigation on AC Losses in one module of the Central Solenoid of the ITER tokamak	
12:25	P29	Design Studies, Magnetic and Structural calculations for a DEMO hybrid CS proposal	
12:50	P34	Numerical Studies of High Field-Rate Losses in Cable-In-Conduit-Conductors Carrying Transport Current	
1:15	P38	High-performance multiphysics FEM simulations in the Sparselizard open source library
